## Greenhouse Insect Killer Light

**Insect killer light** with effective light traps is adopted to attract insects, pests and mosquitoes, by using its sensitivity to the special wavelength, kill the insects through the high voltage grid. It can be widely used in agricultural crop protection area, orchards, vegetable garden, greenhouse, forestry, animal husbandry, etc. For every 2000sqm install a killer light, can reduce at least 2~3times of pesticide usage per year, good for human health because of the nature and pollution free. It is waterproof, anti-rust, easy to install, easy disassembly, easy maintenance. Firm and durable galvanized grids, removable collection tray collects dead insects for easy cleaning. Aluminum alloy and ABS housing is rustproof. Multiple mounting of wall mounted, ceiling suspended and free standing for option.

The insect killer with different powers models: 2x6w, 2x8w, 2x10w, 2x15w, 2x20w; and the coverage area each in 30sqm, 50sqm, 80sqm, 100sqm, 150sqm.

## Greenhouse Insect Killer Light

*Colors: Aluminum silver top + Plastic of sides in black, or all in aluminum cover*

*Size:*

*2x6w: 27.9\*9.8\*27.8cm*

*2x8w: 35.4\*9.8\*27.8cm*

*2x10w: 39.8\*9.8\*32.3cm*

2x15w: 50.4\*9.8\*32.3cm

2x20w: 65.6\*9.8\*32.3cm

### *Greenhouse Insect Killer with Emergency Light*

*Colors: Aluminum silver*

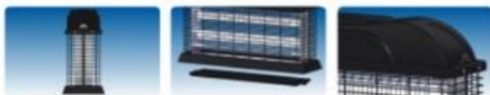

*Size:*

2x10w: 40.2\*9.8\*33.6cm

2x15w: 50.8\*9.8\*33.6cm

2x20w: 66\*9.8\*33.6cm

### *Insect Killer Lamp*

*Colors: Chrome metal, plastic case in black*

*Size:*

*2x10w: 40.6\*10.9\*25.9cm*

*2x15w: 51.2\*10.9\*25.9cm*

### *Insect Killer Light EGO1 & EGO2*

*Colors: White painted color*

*Size: EGO1 - 2x15w: 47\*9.3\*29.7cm; EGO2 - 2x15w: 49.5\*9.5\*34cm*

### *Mosquito Killer Lamp EPO1, EPO2*

**Colors:** Black, White, or other colors

**Size:**

1x4w: 13.4\*13.4\*25cm

1x6w: 14.2\*14.2\*30.2
