

## Plant Containers

Grow Bags are the portable planters with handles, the plants can grow anywhere as to be moved easily, you can plant strawberries, carrots, potatoes, vegetables, herbs, flowers, etc.

### 1. Strawberry grow bags

This strawberry grow bag is a low cost solution with planting pockets, and eyeleted drainage holes. Drainage holes prevent excess water from accumulation.

### 2. Potato Grow Bags

This plant bag is ideal for **growing potatoes** in small gardens, patios and decking. Strong carry handles for easy repositioning. It is suitable for growing varieties of potatoes. The potato plant bag has opening flat at the base to allow access for the potatoes.

Size: D\*H - 36\*51cm, or customized size.

Material: PE woven

Description: 2 carry handles, 8 drainage holes

Color: orange, green, etc.

### 3. Carrot and Root Vegetable Grow Bags

The Carrot **Plant Bag** is designed specifically for using on patios and balconies, or in small gardens. Simply add compost, seeds, feed and water to the planter.

The carrot plant bag has sufficient depth to allow carrots to grow in a good size.

Size: L\*W\*H 45\*30\*30cm, or customized size.

Material: PE woven, 90g-200g

Description: 2 PP tube, 4 drainage holes

Planter Bags is ideal for plant tomatoes, peppers, herbs, vegetables in greenhouses, patios and all sizes of gardens. No digging, no weeding, no chemicals. The plant bag is made from strong felt and base holes for good drainage, which material is 100% Felt, durable and re-usable, with full UV protection against the sun for longer life. Color can be in black, green, etc.

Biodegradable pots are made in bamboo fiber, produced in the process of high pressure molded. After you use it, the pots are buried under the soil ground, they will be degraded in two years, so it is an eco friendly product. More shapes, sizes, colors for option, and logo can be print on pots.

Flower bucket is 100% waterproof in plastic, water is remained in the bucket to make flowers keep fresh. The shops display the cut flowers in these flower buckets on a flower display, and these buckets are also used for transporting which hold the fresh flowers, which are safe and no damages on flowers.

With Flower Display, flowers are shown well and saving the space of stores, we have flower display as a standing rack in metal tubes, colors can be white or black. Flowers buckets holding flowers, are placed on flower display.

And another type of flower display, is as a shelf in wooden layers and black metal frame, with this flower display, which makes your stores beautiful. Flower pots are displayed on the shelf. It is convenient for clients to choose favorite flowers.
